Maintenance Manual Dji

Check the status of the battery in the DJI GO app after powering on the aircraft. Keep an eye out for app alerts during flight. If the DJI GO app displays a warning that battery cells are abnormal or damaged, stop using the battery. Follow the stated temperature for battery use.

Drone Maintenance Checklist - DJI Guides

Run the DJI Pilot App to confirm that all battery cells are at similar voltage levels and stay at the same level when the battery is fully charged. If all cells maintain voltage levels above 3.7V but any cell is 0.2V higher or lower than the others, contact DJI for analysis. You can also check the battery cell warning history.

Maintenance Manual - dl.djicdn.com

To ensure optimal performance and flight safety for your aircraft, comprehensive maintenance is recommended every 50 flightsor after flyingfor over 20 hours. This manual is intended to help users maintain their aircraft for maximum reliability. Maintenance Manual MATRICE 600 V1.0 2016.06 1 Screw

MATRICE 600 - dl.djicdn.com

Hi all, I am wondering why Dji hasn't released a maintenance manual checklist for the Inspire 2. If we want to be more accepted and respected in the aviation sector then we need to show that we take maintenance of our aircraft seriously. In New Zealand if we have a UAOC we need to show the CAA our maintenance history. This should be a top priority for DJI and frankly I am astonished as to why ...
